Attendees will have the opportunity to learn about and make a piece of jewelry or project. All material needed will be provided by Swarovski N.A. at no charge. Complimentary refreshments/soft drinks will also be provided.

There is space for only 15-20 people in each seminar. These are available on first come/first served basis. Due to space limitation, a reservation is required.

There is a \$15 non-refundable deposit required for each seminar to hold you a spot. Once you have attended the complete seminar, Beadwholesaler/Eagle Int'l will give you a \$15 coupon towards any purchase at the showroom (no minimum purchase required with this coupon!!). Please understand this coupon can't be split among more than one purchases.

Please understand that this is a great opportunity to learn from the expert(s). Everybody involved in facilitating these seminars has committed a significant amount of resources. If for some reason you are not able to attend the seminar after paying (non-refundable to you) for it, we would appreciate your letting us know so that somebody else might have an opportunity to benefit from that seminar. Our goal is to see as many people as possible benefit from these seminars now and possibly in future as well.

Thank you,

Beadwholesaler/Eagle International
